how do lawyers judges and jurors read novels and what is at stake when literature and law confront each other in the courtroom nineteenth century england and france are remembered for their active legal prosecution of literature and this book examines the ways in which five novels were interpreted in the courtroom gustave flaubert s madame bovary paul bonnetain s charlot s amuse henry vizetelly s english translation of Émile zola s la terre oscar wilde s the picture of dorian gray and radclyffe hall s the well of loneliness it argues that each of these novels attracted legal censure because they presented figures of sexual dissidence the androgyne the onanist or masturbator the patricide the homosexual and the lesbian that called into question an increasingly fragile normative middleclass masculinity offering close readings of the novels themselves and of legal material from the proceedings such as the trial transcripts and judicial opinions the book addresses both the doctrinal dimensions of victorian obscenity and censorship as well as the reading practices at work in the courtroom it situates the cases in their historical context and highlights how each trial constitutes a scene of reading an encounter between literature and the law through which different forms of masculinity were shaped bolstered or challenged

adam parkes investigates the literary and cultural implications of the censorship encountered by several modern novelists in the early twentieth century he situates modernism in the context of this censorship examining the relations between such authors as d h lawrence james joyce radclyffe hall and virginia woolf and the public controversies generated by their fictional explorations of modern sexual themes these authors located obscenity at the level of stylistic and formal experiment the rainbow lady

Chatterley's lover Ulysses and Orlando dramatized problems of sexuality and expression in ways that subverted the moral, political and aesthetic premises on which their censors operated in showing how modernism evolved within a culture of censorship. Modernism and the theater of censorship suggests that modern novelists while shaped by their culture attempted to reshape it.

The essays of this volume show how Joyce's work engaged with the many upheavals and revolutions within the French nineteenth century novel and its contexts. They delve into the complexities of this engagement, tracing its twists and turns and reemerge with fascinating and rich discoveries. The contributors explore Joyce's explicit and implicit responses to Alexandre Dumas, Honoré de Balzac, Victor Hugo and Émile Zola and of course Flaubert. Drawing from the wide range of Joyce's writings, *Dubliners*, *A Portrait*, *Ulysses*, *Finnegans Wake* and his life letters and essays, they resituate Joyce's relation to France, the novel and the nineteenth century.

Adultery: it is often assumed was not a major concern of English culture during the Victorian age and the apparent absence of adultery indeed of all explicit representations of sexuality in turn made censorship for obscene libel unnecessary. Very few writers, conventional wisdom has it, were bold enough to defy the powerful implicit constraints imposed upon literary production. If we find no English *Anna Karenina* or *Madame Bovary*, Barbara Leckie nevertheless demonstrates that adultery preoccupied English culture during this period. After the Matrimonial Causes Act of 1857 was passed, adultery was prominently discussed in the divorce court transcriptions of divorce trials were an immensely popular front page feature of almost all daily newspapers for more than fifty years. At the same time as narratives of adultery stood at the center of sensation novels such as Mary Elizabeth Braddon's *The Doctor's Wife*, literary reviews and cultural debates strongly encouraged serious novelists to avoid the topic. In culture and adultery, Leckie mines novels, newspapers, court and parliamentary records to explore several related sets of issues: how first did adultery become visible in the public sphere in the second half of the nineteenth century? Why conversely has the discursive history of adultery been deemphasized in the English critical tradition and how is the history of the Victorian and early twentieth century English novel revised when the culture's concern with adultery and censorship are reintroduced?
