the third volume of bucer s correspondance covers the years from 1527 to 1529 in this period the reformer played an increasing part in strasbourg while his renown started growing abroad in strasbourg he was put in charge of the st thomas parish located closer to the city center along with his colleagues he appealed relentlessly to the city council for a stricter moral discipline for struggle against anabaptism and celebration of the mass which was suspended on february 20 1529 moreover he engaged in great activity in publishing five important biblical commentaries outside strasbourg he intensified his evangelical propaganda in countries speaking romanic languages his active involvement in the berne disputation in january 1528 helped him make contact with the european reformation in the disastrous sacramentary strife he continued taking part in advocating concord between the protestant theologians that is why he joined philip von hessen in setting up the marburg colloquium faced with whose partial failure he did his best to encourage zwingli s project of a defensive alliance among evangelical cities in switzerland and in the south west of germany called the burgrecht

this two volume work describes the significant activities of martin bucer reformer in strasbourg and the profound influence he exerted on his contemporaries the collection brings together sixty contributions in english german and french by leading bucer and sixteenth century scholars they highlight bucer s profile and style his theology his attitude towards social questions of his time his work in the church his relationships with contemporaries in the city of strasbourg and all over europe his position on contemporary issues and how his peers perceived him in short the many facets of thought actions and influence of an important but largely neglected sixteenth century reformer they also provide new insight into the victories and defeats of protestantism and on bucer s role in the progress of the reformation in europe dieses buch stellt das wirken und die vielfältigen beziehungen des strassburger reformators martin bucer dar sechzig beiträge prominenter spezialisten bucers und des 16 jahrhunderts sind in den zwei bänden

vereint behandelt werden bukers profil und stil seine theologie seine haltung zu gesellschaftlichen fragen seiner zeit sein wirken in der kirche seine beziehungen zu zeitgenossen in strassburg und in ganz europa seine verhältnis zu zeitgenössischen strömungen die rezeption bukers die verschiedenen beiträge erhellen auf vielfältige weise das denken das wirken und die austrahlung eines der grossen aber weithin vergessenen reformators des 16 jahrhunderts sie werfen auch ein neues licht auf die siege und niederlagen der evangelischen bewegung und die rolle bukers bei der durchführung der reformation in europa the print edition is available as a set of two volumes 9789004098862

unlike most theologians of his age martin bucer proved to be farsighted with respect to european affairs in addition to his contacts within alsace and germany he established relations with almost every european country it was his ecumenical attitude that always led him to mediate between the parties in the religious battles of his time his deep commitment to the goal of reaching agreement can be traced in all his activities works and letters since the first editor jean rott strasbourg died in 1998 bucer s correspondence has been edited in erlangen this academic edition of source material provides future research with a broad basis for significant aspects of reformation history about which very little is known volume vii covers the period from october 1531 to march 1532
