this book demonstrates how foreign language textbook analysis can inform future materials development to improve foreign language teaching through chronological analysis of french textbooks in the united states this book explores the representations of canada and quebec in french beginner textbooks produced from 1960 to 2010 chapelle couples a large collection of 65 textbooks with a social semiotic qualitative analysis of the genres language and images that communicate quebec s cultural narrative to learners findings about the amount and type of content are presented by decade to track the trends in foreign language teaching and changes in quebec s representation particular attention is given to how language politics is presented to students through text and images this book will be of interest to scholars of canadian studies quebec studies and second language acquisition as well as foreign language materials developers

brings together a set of papers that share the current theoretical interest in re conceptualizing second foreign language learning from a sociocultural perspective with practical concerns about second foreign language pedagogy

this book builds upon the growing field of linguistic landscape in order to demonstrate the power of a spatialized approach to language culture and literacy education as it opens classrooms and cultivates new competencies the chapters develop major themes including re imagining language curricula language classrooms and schoolsapes in dialogue with the heteroglossic discourses of the local developing l2 learners symbolic translingual competencies through engagement with situated multimodal texts fostering critical social awareness through language study in the linguistic landscape expanding opportunities for situated l2 reading and writing and cultivating language students capacities for engaged scholarship and research in out of class contexts by exploring the pedagogical possibilities of place based approaches to literacy development this volume contributes to the reimagining of language education through the linguistic landscape

migration and the impact that immigrants have on canada is and always has been central to a robust understanding of canadian identity however despite claims that the world needs more canada canadians their governments and scholars pay much less attention to the estimated 3 million canadian expatriates who live

elsewhere the construction of canadian identity from abroad features canadian scholars who live and work outside canada or have recently returned to canada and who write and think deeply about identity construction what happens when that canadian is a scholar whose teaching research and scholarship professional development and or community engagement focuses directly on canada how does being abroad affect how we interpret canada in short in what ways does externality affect how canadian expat scholars intellectually approach construct and identify with canada this engaging volume is ideal for university students scholars government officials and the general public
